Backline

Our musicians come with their own instruments and Amps if not agreed otherwise. Please provide a **piano bench** for our Guitar player..

Vocal Microphone

We come with our own Sennheiser ew D1 system (2.4 GHz).

Yvonne will have her own IEM system (863 - 865 MHz) on standby if needed but can plug in to a provided system as well.

On the vocal channel, we would like to have some decent compression and a gentle reverb. Please route the FX to her monitor channel as well.

Input List

Channel	Description	Microphone (suggestion)	Stand
1	Kick	Beta 52	Small Boom
